Mrs. Diane Ferguson  
President  
Committee of Management  
Chiltern & District Bush Nursing Hospital Inc.  
Main Street  
Chiltern Vic 3683

Dear Mrs. Ferguson

I have spoken today with Anne Taylor about our offer to assist Chiltern and other interested hospitals in taking a detailed look at the co-operative model . I explained to Anne that since I had written to you, the Federation has decided to undertake a detailed case-study of the Yeoval Community Co-operative Hospital, hopefully in conjunction with a similar study of one or two Victorian hospitals, such as Chiltern .

We would be pleased to have Chiltern volunteer itself for a case-study, to be completed late May or early June . Your hospitals only commitment would be finding the time to provide me with enough data and information to enable the production of a credible case-study . The study of the Chiltern hospital would be completed on a confidential basis, with any decision as to its detailed disclosure to third-parties, for example, being the sole responsibility of your committee of management .

I intend visiting Yeoval in the first week of May and would appreciate knowing of your willingness to participate or otherwise, by then .

Kind regards

Graeme Charles  
Executive Officer
